

**DEPARTMENT OF THE AIR FORCE
AIR EDUCATION AND TRAINING COMMAND
(AETC)**

1 August 2005

MEMORANDUM FOR ALABAMA/MISSISSIPPI CAP FLIGHT RELEASE OFFICERS

FROM: CAP-USAF Liaison Office – Alabama/Mississippi
1635 Airport Drive
Jackson, MS 39209

SUBJECT: Authorization to Conduct Air Force Assigned Missions (AFAM) – August 05

1. Based upon inputs provided to me by AL/MS WG's, CAP PICs listed on attachment one are authorized to participate in AFAM's in accordance with CAP/CAP-USAF DO memorandum, *AF and Corporate Mission Status Changes*, 8Jun04. This list supersedes previous lists. Those who have provided the names of the pilots have verified these pilots are current and qualified in the specialty qualifications needed to perform AFAM's through the end of August 2005. A PIC's name must be on the CAP provided written list of current and qualified pilots to participate in any / all AFAM's.
2. The mission number for AFAM missions A6, B12, and B17 for August 05 is **AL-0008-2005** and **MS-0008-2005**.
3. This authorization does not replace the requirement for a mission to be approved and released IAW CAPR60-1. FRO's must ensure that PIC/crew currency and qualifications are adequate to meet CAP and Alabama/Mississippi Wing guidelines prior to any CAP mission being executed. FRO's should document the AFAM number (and B12 scenario if applicable) on the CAPF99 and forward a copy of the CAPF99 to the LO at the end of each month.
4. This authorization is no longer valid after 31 August 05.

H. RICHARD HODGES, GS-12
State Director, CAP-USAF LO – AL/MS
